

Article 1 - Points scoring

To be classified, a competitor must have covered at least 75% of the overall winner's distance. The official result per class of each race determines the number of points achieved for the classification, unless the result contains obvious inaccuracies, this at the discretion of the NKHTGT board.

Points scoring is as follows:

For classes with three or more participants

- 1st in class 20 points
- 2nd in class 16 points
- 3rd in class 12 points
- 4th in class 10 points
- 5th in class 8 points
- 6th in class 6 points
- 7th in class 5 points
- 8th in class 4 points
- 9th in 3 points class
- 10th in class 2 points

To all other classified participants: 1 point

For classes with one or two participants

- 1st in class 10 points
- 2nd in class 8 points

Every competitor who has started in a race will receive 0.2 extra points for each participant that has started in his class.

Article 2 – Classifications and standings

Within SuperSixties 2024 there will be two classifications maintained by the class itself.

2.1 – Event classification

A combined result of all (usually two) races held during an event will form the basis of the event prize giving, to be held at each event shortly after the final race. Trophies will be awarded to the overall top-3 as well as the first 3 classified drivers in each class.

2.2 – Overall classification

The points awarded as per article 1 will be accumulated into an overall ranking for the 2024 season. All participating drivers in SuperSixties 2024 will be classified in these overall standings. The intermediate ranking and - after the last race - the final ranking will be published as soon as possible after each race on the SuperSixties website:

<https://www.supersixtiesracing.com/standings>. The highest scoring driver in the final ranking will be awarded the SuperSixties Classic Racing League Trophy.
